

### **Madera - Urethane Wood Flooring Adhesive**

Madera Urethane Wood Flooring Adhesive is ideal for the installation of all engineered wood. It is a moisture-resistant adhesive that offers enhanced strength development and an exceptional final bond.

- Enhanced Green Grab
- Mold and Mildew Resistant

### **FEATURES AND BENEFITS**

- Non-slump formula to reduce hollow spots
- Contains no water in formulation, 95% solids
- VOC-compliant
- Highly moisture-resistant
- Will not cause dimensional changes in wood flooring
- FloorScore® certified by SCS
- Unaffected by freezing temperatures

### **ORDERING INFORMATION**

- 5 Gallon Plastic Pail / 1 Unit Per Package 62.38 lbs. / 24 Packages Per Pallet Product Code: 52107

### **PHYSICAL PROPERTIES**

- Type: Urethane
- Calculated VOC: 28 g/L
- Color: Brown
- Weight/gallon: 12.4 lbs.
- Solids: 95%
- Viscosity: 100,000 cps
- Flashpoint: >200°F (Pensky-Martens Closed Cup)
- Freeze/Thaw stability: Not affected by freezing
- Storage life: 1 year in tightly closed container

### **CLEAN UP**

As the pre-finished flooring is being installed, immediately wipe any wet adhesive from the flooring, tools and equipment with mineral spirits. Do not allow adhesive to cure on surface of the flooring, tools or equipment. Follow solvent manufacturer's directions when working with solvents.
